Targeted Individuals Association – Author: Gary Owens

Mr Gary Owens wrote the collated article and broke down the technology, we used every available source over the internet to collate and compile every piece of information out there that was needed to break down the technology, we have listed the sources of information at the bottom, if anyone's been left out let us know and we will amend.

## **Targeted Individuals & Gang Stalking**

This Text Describes The Information and Background To:

Targeted Individuals, Mason Gang Stalking, RFID Implants (Radio Frequency Identification Device, RFID), Targeted Individuals, Microwave Surveillance, Mind Control, Electronic Gang Stalking, Bio Surveillance with Implants, Voice to Skull Technology, Remote Neural Monitoring, Electronic Harassment.

### **Mind Control and RFID Implants:**

What is Mind Control, Electronic Torture? The term Mind control basically means covert attempts to influence the thoughts and behaviour of human beings against their will (or without their knowledge), particularly when surveillance of an individual is used as an integral part of such influencing and Electronic Torture, psychological and electronic harassment.

I will say at this point from my own extensive research into the human psych including experiments on hypnotism and other forms of control. Not once was it ever possible to make a person do something that they would not normally do in there everyday life. This has been confirmed over and over. So when I hear Dr Barrie Trower MI6 and others say they can get a person to do anything under the control of microwave auditory effect, this would also include RFID Implants that run the same decoding circuits, I have to be sceptical. My reasons for this are simple, I have been

attacked and tortured in an attempt to make me react, and often you do want to react, but your common sense takes over and you dont react.

So when I hear people saying for example the guy who recently killed the policeman in London outside parliament. I find it hard to swallow and I know the technology inside out. In my opinion this could only be achieved by selecting the person initially knowing they are pre disposed to this sort of action in their normal life. So the security services look for people who are violent by nature and then

manipulate them into a situation they cant get out of, this would be the only way.

I have every reason to go after the UK and Spanish authorities, and I may well decide as a human being that im going to destroy them openly in public. But it wont be because I was told to, its because I want to, because what they have done to me.

I will hold this right to retaliate up front in the coming months and you may well see me on the news taking these fuckers down hard and in public. But it wont be mind control, it will be human dignity in that I wont live on a planted where the security services can attack innocent people with no evidence and reason other than they are corrupt bastards that need removing from Society. Personally I will most likely choose to take them out publicly, just because I dont agree with the governments security services and Drug Mafias that are behind the implementation and control of the gang stalking.

Its wrong and im going to stop it what ever it takes! If you want to sit there and let these clowns ruin your life thats up to you, but at the right moment I am going to take them all out!

Dont be like the Jewish nation and go quietly into the rail cars, fight to the death to destroy them, thats what they dont want and cant handle, dont be worried about law and order or justice, there is none! The only justice you will get in this world is if you take it, I have been right through the UK and Spanish justice system and its corrupt from the top to the bottom, so dont hold out any false hope that these people will see sense, they wont, the only way to stop a bully is to kick their fucking head in, and thats whats needed with gangstalkers, everything else has been tried and they control it.

Its the only thing a bully understands and that includes the security services, if we smashed up their headquarters and destroyed there houses, do you think they would still be gangstalking, they would be running because by nature a bully is a coward! These people are cowards, HURT THEM!

Any way you can, the time for peace is over regarding this despicable group of criminals. Anyway I digress back to the info...

This is actually a very sophisticated form of remote technological torture that slowly invalidates and incapacitates a person. These invisible and difficult-traceable technological assaults on human beings are done in order to destroy someone psychologically and physiologically.

The human body, much like a computer, contains a myriad of data processors. They include, but are not limited to, the **Piezo-Electric** chemical/electrical activity of the brain, heart, and peripheral nervous system, the signals sent from the cortex region of the brain to other parts of our body, the tiny hair cells in the inner ear that process auditory signals, and the light-sensitive retina and cornea of the eye that process visual activity.

**What** is the newest crime that the U.S. government is covering up, that destroys Americans, families, small business, jobs, health, and economies? Remember Nazi Germany?

We are on the threshold of an era in which these data processors of the human body are being manipulated or debilitated.

Examples of unplanned attacks on the bodys data-processing capability are well-documented. An entirely new arsenal of weapons, based on devices designed to introduce subliminal messages or to alter the bodys psychological and data-processing capabilities, might be used to incapacitate individuals. These weapons aim to control or alter the psyche, or to attack the various sensory and data-processing systems of the human organism. In both cases, the goal is to confuse or destroy the signals that normally keep the body in equilibrium.

Definition of Psycho-electronic (psycho-physical) weapons, this is the totality of all possible methods and means (techno-genic, suggestive, pharmacological, paranormal, complexes, and others) of hidden, forced influences on the psyche of a person for the purpose of modifying his consciousness, behaviour and health for what is desired in the way of influencing aspects of control. So in simpler terms this means if you believe in God they use voice of god or try and convince you the demons are coming etc, if you believe in aliens they convince you aliens are here etc, the difficulty they face is that a small percentage of people can not

be conditioned in this way, for example you dont believe in anything except what you can prove. In my opinion this is why so many scientists and artists/musicians are targets, because they fall outside the scope of normal people.

Its clear that worldwide they are attacking the smartest free independent thinkers to try and control all the population. Its a futile exercise that will end in all governments death and a change for good in the world, as the population wakes up to whats been done, and retaliates, so all good there!

This is not only dangerous, this is deadly! Actually, the goal of mind control is to access those areas of the brain that are outside of the conscious control of the individual by circumventing the normal inhibiting response of the cerebral cortex: an individuals voluntary conscious self-control must be bypassed or short-circuited.

This unconscious coercion is done through electromagnetic-wave bombardment of the brain, bombarding the brain with radio frequency waves. These airborne waves can travel over distances and are known to change the behaviour of animals and humans in their path. Check out the keywords Brain Entrainment. Such remote control makes possible potentially frightening uses for altering the brains functioning.

**These people all have to go to have peace in the world along with the fraternities.**

### **This is the true nature of the Masonic Royal Family**

These are invisible and deadly waves. This wave goes directly to the subconscious parts of the human brain for receiving or transcoding the messages and without the person exposed to such influence or having a chance to control the information input consciously.

This can alter a persons thoughts, emotions, and behaviour. To achieve truly lasting mind control requires the creation of profound and deep emotional states.

Recommended are fear, shock and anxiety, which have an intense dis-inhibitive effect on the human brain. What this means, in essence, is that emotional trauma facilitates the accessing of dissociative states. They try to make you do things you would not normally.

In order to disable the brains cortical block, Verdier recommends alcohol, euphoric drugs, isolation, solitary confinement, and the most dramatic and in the brainwashing arsenal, hypnosis. All of these

are methods that have been extensively tested by the CIA under the rubric of the MK-ULTRA Program. The program began in the early 1950s, officially sanctioned in 1953, was reduced in scope in 1964, further curtailed in 1967 and officially halted in 1973.

[http://en.wikipedia.org/wiki/Project\\_MKUltra](http://en.wikipedia.org/wiki/Project_MKUltra)

Interestingly Dr Barrie Trower an MI6 Whistle Blower, claims that he started Microwave Mind Control in 1969, working for MI6 De briefing cold war spies, so as it supposedly ended in the USA it started in the UK.  
<https://www.facebook.com/BarrieTrower>  
[https://www.youtube.com/watch?v=z99\\_SzoXZdY](https://www.youtube.com/watch?v=z99_SzoXZdY)

The technology is rooted in surveillance devices, such as audio and video bugs, through-the-wall, remote sensing devices, and bio sensors both remote and implanted. This provides the feedback for the influencing, as well as any entertainment value for voyeur/sadists and intellectual property theft for thieves.

Coupled with the surveillance is a feedback path for influencing an individual. Thus there are several categories of mind control operations, for example covert drugging, hypnosis and trauma conditioning, one-shot EM-type brain blasting, short-term mind traumas, and ongoing feedback control set ups for long-term torture and exploitation of victims.

What they have in common is the attack against the mind of the victim, as well as the deniable and denied nature of the attack. These techniques do not just violate one or two of what everyone knows are fundamental human rights: In one foul swoop they violate almost every fundamental human right a person has.

The electromagnetic technology works on the theory that the mind and body are an electromagnetically mediated biophysics system and the electromagnetic signals are formed naturally. Outside sources can mimic the mind and bodys electromagnetic signals and therefore a weapon can be developed based on these principles.

There is evidence that since the 1950's the U.S. and other government have been developing electromagnetic weapons which can remotely target the electromagnetic system of the human body for military and intelligence purposes.

The First phase is the harassment/surveillance program; during the first phase of this government program a person is broken physically and mentally. The methods used are typical CIA and FBI tactics like Cointelpro tactics. <http://vault.fbi.gov/cointel-pro>  
<http://en.wikipedia.org/wiki/COINTELPRO>

They use Echelon, <http://en.wikipedia.org/wiki/ECHELON> ,  
Tempest, [http://en.wikipedia.org/wiki/Tempest\\_%28codename%29](http://en.wikipedia.org/wiki/Tempest_%28codename%29) ,  
microchips, implants, see through wall radar, obtain informants, neighbours, and co-conspirators to harass, discredit, and harm an individual. Victims lose their families, jobs, homes, and cars. Ultimate goal to destroy a person's life which will isolate them from family, friends. The isolation is needed to

have access to the person to conduct many of the experiments on them. All privacy and constitutional rights are thus stripped away.

## **An overview of how the weapons are deployed by the Mind Control Police**

Mass Remote Mind Control by Blanket Coverage of the Population which is achieved via the Mobile Phone Network

The second phase is the assaults of Directed Energy Weapons. After a victim becomes isolated from everyone in the world. The victim now having feelings of regret, remorse, of loss, trauma, and are drained and broken emotionally and physically. During this time many have been implanted with microchips. Many begin experiencing extreme pain to their head. Some hear voices. Then pain is delivered to various other parts of their bodies. The pain is delivered by Directed Energy Weapons.

No one sees anyone around them causing the pain and no one is touching them. It is an invisible energy force. Along with drugs being administered by the scientist through either a drip system which! has been inserted into an individual, food tampering, or injection all without the victims permission. Then Mind Entrainment begins.

Directed Energy Weapons

[http://en.wikipedia.org/wiki/Directed-energy\\_weapon](http://en.wikipedia.org/wiki/Directed-energy_weapon)

[http://targeted-individuals.co.uk/v2k\\_voice\\_to\\_skull.html](http://targeted-individuals.co.uk/v2k_voice_to_skull.html)

Some of the weapons were known as non-lethal weapons. They use such weapons as extremely low frequency Elf electromagnetic weapons (which has been used in mind control), acoustics, harmonics (which have been used as a mind control technique), ultrasound, microwave audiograms, microwave pulsed, and radio frequency.

Another electromagnetic energy beam can be used to induce considerable agitation and muscular activity or induce muscular weakness and lethargy this weapon is know as Ultra High Frequency EM.

Psychological warfare tactics are being used against unsuspecting citizens to destroy their jobs, their families and their lives. The perpetrators will stop at nothing. Their objective is to utterly destroy a person, very often resulting in a person taking his or her own life, or ending up in a mental hospital. This has been taking place for years and nothing is ever said about it. Nothing is ever written about it. For the sake of those who came before us, and those who come after us, the world needs to know what is happening.

For many people, this comes out of nowhere. They dont know whose toes they stepped on in order to warrant such a brutal attack. For others who are whistleblowers, they know full well how they garnered such attention. For some, they dont even realize that they are the targets of an orchestrated attack to destroy their lives. Some of it can be so subtle that it is difficult to tell. But for others, the attacks can be blatant and obvious, leaving no doubt that something unspeakable and devastating is happening.

What makes this crime so heinous is that the most sophisticated techniques of psychological warfare are employed against a person in order to make them look like they are crazy.

Friends and family members dont believe the things that are happening and often believe the targeted person is crazy. This whole exercise is a criminal & terrorist activity.

One aspect deals with the gang stalking part of it, which targets experience to varying degrees. This involves stalking by a multitude of individuals both on foot and while you are in the car. Known as street theatre by those who experience it and started by the free Masons, it involves vandalism to house, car and personal property.

Gang stalking can also be referred to as cause stalking, vengeance stalking and multi-stalking.  
<http://fightgangstalking.com/>

Some people also experience electronic harassment.

This is extremely distressing, painful and invasive, and feels like ones mind and body is undergoing constant rape, 24 hours a day, 7 days a week. The technology used to do this is just becoming known, hundreds of victims report the same physical sensations and experiences.

(Please see the TIA reports on these weapons on the website. [www.targeted-individuals.co.uk](http://www.targeted-individuals.co.uk))

Many take their lives in an attempt to escape the horror. It is so distressing that only fellow targets can really understand what another target is experiencing. In either case, the attacks are so well orchestrated that only the victim is aware of them.

This is intentional, and it appears that these groups have perfected these techniques over many years. I have been Gang Stalked by Masons and Drug Mafia for 30 years for doing the right thing. Mistakes are rarely made, and clearly the perpetrators are successful at what they do, since new targets are completely bewildered as to what is happening to them, having never heard a peep out of the media about such occurrences. Its clearly orchestrated through the security services using fraternities that they control to help with the stalking, Drug Mafia, Masons, Lions Clubs, Round Table etc they are all involved, and get local clowns and idiots to believe them.

Their actions are based on many of the same tactics as those employed in ritual abuse, and are designed to weaken the target's mind and perpetrators are becoming increasingly addicted to this game of predator/prey, always needing more targets to satisfy their unending thirst for a thrill.

Electronic harassment or e-harassment is a catch-all term used to describe a group of circumstances which a large number of

people are currently experiencing in common. In general, this term refers to the use of electronic technology to view, track and/or harass a person from a distance. Whether this is done by satellite, land based systems or locally by neighbours or local organisations as is the case with me.

There is proof that would allow any of the present victims to launch a court case appearing now, but the numbers of victims and the commonality of experience speaks for itself. The technology involves the use of electromagnetic waves of various frequencies to achieve different results. Some frequencies will make a person tired, while others may cause confusion or memory loss. With the rapid increase in cell phone usage, many experiments have been conducted on the detrimental effects of those particular frequencies on animals. The results indicate that the invisible EM signals from cell towers can cause a wide range of physical ailments.

<http://www.electricsense.com/>

If that is the case with the relatively narrow range of cell phone frequencies, it is even more likely the case with the frequencies which may be used to

Targeted Individuals, RFID Imp

cause direct, intentional harm to a person. Electronic harassment has become the main part of Gang Stalking done by the Security Services the Drug Mafia and the Masons.

Types of Weapons: Electromagnetic Weapons:

Microwave Weapons, Non-Lethal Weapons, ELF (Extremely Low Frequency) Weapons, Directed Energy Weapons, Acoustic Weapons, RF (Radio Frequency) Weapons, Soft Kill Weapons, Less-Than-Lethal Weapons.

But the truth is, as I have found out from research that the equipment they use has a lethal long term usage effect on the victim, it is in fact a slow kill program and murder against all that oppose the Mason scum bag take over of our democracies, the security services being part of the Mason Private Army against the civilian population. The Masons control the drug trade worldwide and so control all the leaders of the drug mafias and thats how they get them involved.

## Mass Mind Control

*The June-July, 1989 issue of the West German scientist publication, Raum & Zeit carried an article by Dr. W. Volkrodt, titled: "Can Human Beings Be Manipulated By ELF Waves." The article stated:*

The technical principal of receivers for electromagnetic waves is fully analogous with biological information and communications systems. If several thousand of the hundreds of billions of nerve cells in our brain resonate with man-made centimetre waves, the carrier frequency has to be suppressed when the signal is passed on to the synapses.

To overcome cell membranes, living organisms use electrochemical processes involving sodium and potassium ions. This suppresses the carrier frequency in the high-frequency range just as the demodulation circuit does in man-made receivers. What remains is the signal impressed on the carrier frequency, e.g. in the low frequency ELF range. This is also the frequency range at which our own nervous system normally works.

Using these frequencies, the nerve fibres convey pain sensations, the feeling of hungry, tiredness, nausea, and signals on the sense of balance to points in the brain which invoke these stages in a awake consciousness.

If interference signals are superimposed on the natural signals generated by the body, e.g. by using artificially created centimetre waves as a carrier, the brain could be presented with simulated states that we consciously

perceive, but which do not appear as reality.

A state of disturbed sense of balance, which seems to us to be real, is enough to stop people from being able to run or make them feel dizzy even when they are lying down.

In a 'psychotronic war' using microwaves modulated using ELF waves, it would no longer be necessary to kill whole armies by inducing cardiac or respiratory irregular signals. The enemy can simply be incapacitated by disturbing their states of balance or confusing the ability to think logically. ...The manipulation of human beings, by means of ELF waves is relatively easy to perform.

Government authorities and the military would have to overcome no insurmountable difficulties to modulate carrier frequencies with ELF signals in existing centimetre radio-relay links. ...an army of occupation could then manipulate a nation's ability to make decisions in confusing political situations or disable undesirable activities. ELF-modulated microwave transmitters employed in this way could also serve to obviate the use of force (non-lethal weapons).

An entire nation can be gradually subjugated psychically by the means of long-term radiation using ELF-modulated centimetre waves. ...Once any kind of desire to defend or capacity to resist has been dispelled, political activities by negotiation are sufficient to incorporate into one's power a nation subjugated in this way.

### Targeted Individuals: Monarch: The New Phoenix Program By Marshall Thomas

I have added this section to the report because of its incredible information relating to Targeted Individuals.

Since government-backed electronic harassment and control is classified at the highest levels in all technologically capable governments, the description of effects is taken from the personal experiences of the 2,000 or so known gang stalked with electronic harassment targets. The experimentees without exception report that once the harassment begins, in virtually all cases it continues for life. It continues in every city, state, and country the target moves to. It continues in prisons and hospitals, even when the target is dying of cancer.

Many targets are young seniors, some in their 70s and 80s. Some have children and the children are often subjected to the same testing as their parent(s). Pets are not only tortured, but even killed, painfully and violently.

## Warning: Domestic Terrorism

The American Civil Liberties Union (ACLU) has received reports of a serious form of illegal harassment in your community, and is seeking information which can help lead to criminal prosecution of the perpetrators – as well as possible civil litigation against any government agencies which might be complicit.

**“Organized stalking”** – also known as **“gang stalking”** – is a crime in which individuals are subjected to psychological terrorism by corrupt members of law enforcement agencies such as Law Enforcement Intelligence Units (LEIUs), the FBI, intelligence-security contractors, and criminal informants.

Organized stalking tactics include threats, abusive comments, entering a victim's residence without a search warrant, slander (lying about the victim), interference with employment opportunities, systematic harassment using noise (sometimes from nearby residences), thefts, vandalism, and criminal invasion of the victim's privacy by methods such as unauthorized wiretapping and computer hacking.

Organized stalking violates multiple laws, including the U.S. Constitution's prohibition against extra-judicial punishment, the U.S. Constitution's prohibition against searches without warrants, the federal law against stalking (18 U.S. Code § 2261A), and anti-stalking laws in all fifty states and the District of Columbia.

**We want to hear from you.**

If you are aware of any suspicious activity that might be related to organized stalking, please tell us about it. You can contact the main ACLU office at the address listed at the top of this flyer, or you can contact one of our local affiliates. ### **The effects pattern:**

- All harassment consists of unique, carefully engineered-improvable events to produce psychological stress in the victim. There are no events which do not fit that apparent purpose.
- In every series of stress event type, ONE introductory event of very high energy/effect is staged. The obvious purpose is to be certain the victim KNOWS this is external harassment, and not just bad luck. From that time forward, the perpetrators appear to apply Pavlovian training so that they can get the victim to jump (or react in some way) to the same effect at a tiny fraction of the initial introductory event.
- This type of harassment started during the Cold War, and shows every characteristic of military and intelligence psychological warfare operations.

# WARNING

## Organised Gangstalking Watch

**WE WATCH DOCUMENT RECORD AND REPORT ALL  
STALKING AND HARASSMENT ACTIVITIES INCLUDING  
INDIVIDUALS AND VEHICLES!**

- This type of harassment points to CONTROL of the test subject. Endlessly repeated words generated inescapably within the skull are just one hypnosis-like experience.

- The total number and type of crimes, which make up gang stalking and electronic harassment simply could not take place without cover being supplied by government. Bizarre court decisions in which the target is forced into involuntary mental health treatment and a criminal spouse (for example, a pedophile father discovered doing his own child) clearly show that gang stalking and electronic harassment are heavily protected by all levels of government and the

medical establishment.

Here is a list of most of the common effects. It is not exhaustive, but is intended to show the reader how the perpetrators palette of stress effects is broken down. Indent levels are used to show categories and sub-categories:

### **1. Invasive At-a-Distance Body Effects (including mind)**

#### a. Sleep deprivation and fatigue

- i. Silent but instantaneous application of electronic caffeine signal, forces awake and keeps awake
- ii. Loud noise from neighbors, often SYNCHRONIZED to attempts to fall asleep
- iii. Precision-to-the-second allowed sleep and forced awakening; far too precise and repeated to be natural.
- iv. Daytime fatigue attacks, can force the victim to sleep and/or weaken the muscles to the point of collapse.

#### b. Audible Voice to Skull (V2S)

- i. Delivered remotely, at a distance
- ii. Made to appear as emanating from thin air
- iii. Voices or sound effects only the victim can hear

#### c. Inaudible Voice to Skull (Silent Sound)

- i. Delivered at a distance by radio signal; manifested by sudden urges to do something/go somewhere you would not otherwise want to; silent (ultrasonic) hypnosis is possible.
- ii. Programming hypnotic triggers i.e. specific phrases or other cues which cause specific involuntary actions.

#### d. Violent muscle triggering (flailing of limbs)

- i. Leg or arm jerks to violently force awake and keep awake
- ii. Whole body jerks, as if body had been hit by large jolt of electricity

iii. Violent shaking of body; seemingly as if on a vibrating surface but where surface is in reality not vibrating.

e. Precision manipulation of body parts (slow, specific purpose)

i. Manipulation of hands, forced to synchronize with closed-eyes but FULLY AWAKE vision of previous day; very powerful and coercive, not a dream.

ii. Slow bending almost 90 degrees BACKWARDS of one toe at a time or one finger at a time

iii. Direct at-a-distance control of breathing and vocal cords; including involuntary speech

iv. Spot blanking of memory, more than normal forgetfulness

f. Reading said-silently-to-self thoughts

i. Engineered skits where your thoughts are spoken to you by strangers on street or events requiring knowledge of what you were thinking.

ii. Real time reading subvocalized words, as while the victim reads a book, and BROADCASTING those words to nearby people who form an amazed audience around the victim.

### **Targeted Individuals End Game: The Plan**

A new Phoenix program has molded the use of exotic technologies and turned them on enemies of the hard right, foreign and domestic. The maturation of silent kill and soft kill technologies has been mated to a Cointelpro style program being used against domestic dissidents.

What began with Paperclip scientists and LSD has evolved over time, perfecting the art of sexual blackmail and targeting strategic targets within the government, military, industry and science, exactly as Estabrooks envisioned his infiltration program of a foreign power using hypnosis. Where once the laboratory was the venue of crime, now using non-lethal weapons, MKULTRA type experiments take place on US citizens within the community, in their own homes.

Terminal experiments are now conducted using remote means with non-ionizing microwave weapons developed for the battlefield as anti-personnel weapons, used against potential threats with a

mentality that views the loyal opposition as the enemy tantamount to a Communist insurgency that must be defeated using counterinsurgency warfare.

US citizens that are subject to enrolment in this terminal experiment come from varied backgrounds, some have been targets of mind control and Satanic Ritual Abuse since the age of three or earlier, while others enter the looking glass in middle age.

The type of human experimental subject chosen resembles a molding of the criterion for MKULTRA in the lab, the Cointelpro program, and the Phoenix program. American society-the world is undergoing a counterinsurgency using weapons designed by DOD labs like Lawrence Livermore and Los Alamos that were supposed to be turned against our implacable enemies.

The world of compartmentalization and black budgets of unlimited funds has given birth to Dr. Delgados vision of a world of individuals that can be influenced, even shaped without their knowledge. Just as Eshelon vacuum up millions of communication signals of phones and faxes, now supercomputers and satellites sift through the spectrum (10-20 Hz) of 6.5 billion brain waves.

The Malech patent device coupled with PROMIS AI software running on super computers allows the NSA to interpret and interact with the stream of consciousness of targeted individuals. Computing power is the only hurdle for these high tech satellites to clear that would allow them to interact with all sentient life forms simultaneously.

PROMIS software and artificial intelligence coupled to non-lethal weapons technology have combined to influence the course of human events in unforeseeable ways. Once identified as hostile or a potential threat, these targets can be influenced passively without their knowledge. If a target becomes resistant to influence or is deemed suitable for overt targeting their entry into the MHS program (Monarch Hits the Streets) is begun as an overt assault.

Most targeted individuals enter the program due to similar factors, family connections to SRA cults or the intelligence community, political activism, Americans who live in foreign countries and go native whistleblowers within government and industry, prisoners, mental patients, orphans and scientists with important technology that can support or threaten the program.

Some people are targeted out of convenience, since private armies need motivation and training, often people are chosen merely as target practice. MHS began its inception during the Reagan administration and has mushroomed into a game involving literally millions of individuals who are told that the target is a bad element in society, the groups are told a lie that they will respond to most readily, for example...A church group may be told that the Target is a pedophile, an abortion doctor, a political radical, a terrorist and a national security threat, a racist.

Whatever story motivates the network is the lie that is told. There is an element of eugenics, targeting those who are viewed as a drain on society, what the Nazis termed empty eaters. Many targets are the disabled who are unable to work. Another aspect of the program is Revenge Incorporated, angry ex-spouses or business partners may enroll someone they wish to have revenge over, for a price.

In a twist of life imitating art, targets are often broadcast on closed circuit television, radio, or on the internet in personal situations in their homes, much like a TV reality show. The target is portrayed in the worst light possible to amuse the paying audience, personal conversations and habits as well as internal thoughts and imagery are spread among the groups who use this inside knowledge to harass the target in public and provoke shame, outbursts of anger and confrontation.

Targets are prompted by the remote technology to speak on sensitive topics or in a manner that will offend and motivate these private groups to participate. Most people who are viewing the target are not quite sure what they are watching, while others are sadistic enough not to care. The person who is targeted may feel at times they are being played with, while other times to the victim it seems like the microwave assault is trying to kill them.

Make no mistake the objective is to incarcerate the victim into a mental facility, penal institution, or to force a suicide. Occasionally a target is murdered, generally in kind of a sweepstakes like game that usually happens around a full moon.

These networks operate everywhere in virtually every country, so any target that tries to flee will only find themselves targeted elsewhere. Anyone who attempts to help a target or reveal the hidden aspects of the program will themselves become a target. Perfecting the psychology of control is also an important goal of MHS.

Psychologists, much like BISCUIT teams, are employed to tailor programs to the individual that will exploit their personal or ethnic weaknesses. Psychology classifies about 34 distinct personality types and learning how to control a certain type of individual can be applied to similar personality types or cultures in future operations. The ultimate goal is one of worldwide control along the lines of an Orwellian state where 1% of the population controls 15%, which in turn controls the remaining 84%. The paradigm of using groups that front for the intelligence services to squash internal dissent is foreign to most Americans but is in fact quite common.

In Cuba a dissident writer may have a crowd assemble outside their home and chant slogans at them in an operation known as a Contra. Plain clothes police will typically emerge from the mob, drag them into the street and beat them and they might be officially arrested a few days later.

HAARP may in fact allow this technique to be a thing of the past when ELF broadcast around 10 Hz interacts successfully with the 34 different

personality types, backed up by sufficient computing power. A controlled world society will no longer need guns, tanks, or planes to fight wars, a one-world government run by the technological elite will shape the minds of the masses for a thousand years.

Whether THE PLAN is a function of the CIA and military intelligence or if it is some type of Mason group is not terribly important, and without proof is a matter of conjecture. The Nazis came to power through an infiltration operation of the Weimer Republic, first militias were formed, then the members infiltrated the military, and finally the police forces. Exactly the same as the Masons have done now with the CIA, NSA, MI5 and MI6 to name a few!

Once the police were compromised from within, German society had reached the point of no turning back on the road to self-annihilation and the destruction of Europe and 50 million people. Americas turn has come to attempt a hostile takeover of the world, now the most technologically advanced society as was Germany, she is being used as a vehicle to enslave the free will of Mankind in a technological dictatorship of the mind.

Once in place, it is doubtful that it will be dislodged or destroyed from within and there will be no state or group of states that are strong enough to overcome this new generation of speed of light

weaponry that will be brought to bear. NSA satellites that represent the pinnacle of mind control technology have been placed in abnormally distant orbits, perhaps as far distant as the Lagrange Points, so far out of Earth orbit that they are for all practical purposes untouchable.

Extreme magnetic disturbances may be capable of damaging or dislodging them but these events are uncommon. The average life span of a standard communications satellite is over 20 years. The Plan to take over the world using these exotic weapons has been progressing for several generations, and appears to have sprung from the ashes of defeated Nazi Germany at the end of WWII.

Mind control techniques were aggressively pursued in the concentration camps and perfected and brought to the US under MKULTRA. Paperclip scientists have been at the forefront of research into EM weapons and their application towards mind control. Americans who participated at this level are often members of closed systems such as the Masons, as well as conservative hard right ideologies, but not exclusively.

The inclusion of intelligence services from most industrialized nations into participation in targeting people who flee to other countries reveals a network that is capable of exerting influence in nearly every society. The philosophy behind The Plan is both Hegelian and Gramscian, that is people are viewed as inanimate objects of little inherent value other than what they can do to advance the aims of the state, and the strategy of gradualism, slowly turning up the heat on an unsuspecting world so that when people finally are aware of efforts to mold society it is too late to do anything about it.

At a distance one is forced to simply refer to it as Fascist. The production of traumatized children on such a mass scale in just the US alone leads one to conclude that Dr. Estabrooks infiltration campaign using mind control to take over a hostile nation, is in fact being applied to the world as a whole.

The methodology of how to impose an Orwellian world state using mind control is a point of conjecture. A careful examination of the CIA and military intelligence psychological warfare campaigns leads one to believe that it will take the form of a destabilization campaign, that is a series of events that are designed to instil panic in the general population and psychological trauma that lead to a psychological collapse or capitulation of the will to resist. Like an Alien invasion as the CIA have been planning for 30 years, with the view to terrify the population and cause them all to stick together as one unit.

Bernal Diaz wrote a compelling history of the conquest of Mexico when in 1523 some 400 heavily armed men with superior weapons technology fought, defeated, and enslaved a civilization of 20 million people. The keys to their victory lay in superior weapons and confusion over whether the mounted soldiers were in fact human, but they did not triumph completely until small pox decimated the Aztec ranks.

Superior weapons, blurring the lines of reality as to who or what one is fighting, and biological warfare were the factors that are most striking. The development in secrecy of a new RMA (revolution in military affairs) has the ability to turn the world upside down by itself.

Psychological warfare and destabilization campaigns are the forte of the CIA and military intelligence, blurring the lines of what is real and what is not, is their speciality. Finally, the emphasis of current programs on biological warfare that verges on an obsession is glaringly obvious.

Carrier and information signals 180 degrees different in phase

A quick examination of biological warfare in terms of the plague or the Black Death shows that any society that loses 50% or more of its population experiences a psychological collapse and a conversion to a new religion. In any mass plague event this chain of events is repeated, societies fall apart, flee, and throw down their old gods who did not protect them and take up new gods that offer psychological reinforcement and comfort.

Taking these factors into account, as well as past behaviours by the minds behind The Plan, it is fairly easy to postulate a scenario that would work well.

A series of catastrophic events, perhaps a nuclear event followed by a biological warfare attack that causes tremendous loss of life will prepare the minds of men by instilling trauma and thus vulnerability and suggestibility into every human heart. The attack of a superior armed force that may or may not be human, such is the power of their weaponry that nothing, not missiles, tanks, or anything known will stop them on the field of battle.

Fig. 2. Microwave susceptance area in brain.

This is exactly what the new revolution in military affairs (RMA) in speed of light weapons is, a force that will overcome all known battlefield technology. The psychological intimidation would be heightened if, like the Aztecs, the creatures you were fighting against might not be of this Earth. The alien abduction and alien invasion psychological warfare campaign is the longest ongoing such operation in history, beginning after WWII, and continuing to this day.

The use of ELF (extremely low frequency) technology will give the final boost to capitulate, when those over matched fighters still in the field hear the voice of the alien invaders speaking directly into their minds, a message broadcast over the entire planet. Though this scenario may seem outlandish, it is no more so then the psy-op campaigns that

are ongoing today, or the stories spread by the CIA cut out religions such as Scientology.

All the tools for this operation are now in place or very nearly so, the RMA of speed of light weapons and ELF synthetic telepathy, the production of small pox and chimera viruses that human populations have no natural defence against, as well as the psychology of doubt surrounding the idea of hostile aliens who visit Earth.

Popular culture is now swamped with books, television shows, and movies that reinforce and normalize the concept of hostile alien races with designs on the Earth. The only thing lacking is the sheer audacity and psychopathic mentality to put these events into action. A careful study of the personalities responsible for mind control crimes against humanity that populate the CIA and military intelligence communities will dispel any doubt that these people are perfectly capable of implementing such a PLAN.

The book, *Trance Formation of America*, written by a recovered mind control subject, contains her memories of being used by CIA director Bill Casey as a human carrier pigeon. The subject is put into hypnotic trance, given a message by Casey, and sent to deliver the cryptic words to the leaders of the Dominican Republic and Haiti.

The following subject matter may be what is referred to as a honey pot, that is, the truth mixed with lies in order to ensnare the unwary in order to discredit them. I make no judgement about the truth or falsehood of the following excepts, instead I include it in an effort to reveal the mentality and themes that run throughout mind control operations, namely hypnotic couriers, drug smuggling, sexual slavery, manipulations of belief systems, and an apocalyptic emphasis on biological warfare.

In an area reserved for covert activities, out of view of tourists, I met with General Cedras in his Citadel office. I had seen him at a monastery in Santo Domingo as ordered before, when Haiti was still being used by the CIA for Operation Watchtower to transport cocaine and Contra weapons from Cuba.

### So what's the next step?

All governments are planning big and all are using the system against their own citizens, this is a crime and allows the citizens to take action, if there is no law and order and no justice there will of course be anarchy.

The aim at the TIA is to head this off and force governments and security services to come clean and pay up to the Targeted People.

In the short term the Targeted Individuals Association will be making a device that blocks the signals, we know two ways to do this already, one is using a frequency broadcast jammer, the other is using a counter system that totally negates the incoming signal, depending on which version of

Implanted/V2k is being used on you. We understand already how to build these devices and will publish the info or make the device available soon as we have it.

We need to be able to block the signal because in the near future, what is currently being used as a torture to Targeted Individuals will become a commonplace synthetic telepathy system like our current phone system, and from what I have learnt through the science of the Neurophone its more than likely that it will have visual and well as sound. The Neurophone circuits can be, and are used, in RFID Implants and Microwave Auditory Effect.

The use of the RFID Implants and V2k Voice to Skull device without the permission of the person means its being used on us illegally. We must enforce the discloser of the new technology for it to flower into something that is useful for something other than destroying peoples lives.

The way its being carried out in Gang Stalking harms a person and can kill and cause cancers and many other conditions. I have scientific papers that support this and Dr John Hall is advising us as to the way forward.

So it is an assault on the person, attempted murder are the charges that the Targeted Individuals Association are bringing against all suspects of RFID Implants and V2k Gang Stalking which in most cases is being done locally by people that are conned into it and are told its not illegal. We know the Masons started Gang Stalking, starting out originally as Ring Fencing, where they used local criminals and Drug Dealers to Target people that they fell out with or had a disagreement with or they wanted to steal their business from.

This is now out of control big business with Drug Mafias involved like in my case, run by the Masons who stole my business and did exactly the same to me what they did to Julian Assange, made up a false case to ruin my life because they stole my business worth 4 billion pounds.

The first person who told me about Gang Stalking was a senior Mason, he objected to being involved in the Gang Stalking of others and became a Targeted Individual because of it. I first knew him as Stan Cumons which turned out to be an anagram of Mason Cunts!

He told me how they had bugged his phone stole all his business, talked to all his neighbours with false stories, see Mason Gang Stalking on the TIA website for in-depth details of the process.

[http://www.targeted-individuals.co.uk/targeted\\_individuals\\_information.html](http://www.targeted-individuals.co.uk/targeted_individuals_information.html)

Its an abuse of microwave emission law and radiation emission laws already in the EU. We are in contact with all the people who invented the devices and people who have used them in the field from the security agencies and these people will be giving evidence at our first class action to get to the bottom of it.

They target anyone who is smart, im talking about free thinking intelligence, like a musician, artist, scientist, inventors and just about anyone that speaks out about them.

The Masons through years of ring-fencing and Gang Stalking people using low level criminals, eventually this got picked up higher up the food chain, and now its big business for the Mafias of this world. Recently, as in my case, the British Drug Mafia who in Spain are run from Masons lodges down to street guys. The Masons run the drugs trade world wide using the security services that are all Masons and no longer represent the people. They are a Mason private army representing the establishment not the people, never work with them or even listen to them, they can not be trusted, they are the true enemy of mankind and the Masons are the only true crime family on Earth.

If your a Targeted Individual join the Association and talk with us, you may be able to join our legal action against every government and security service in the world, the Masons, and others who have been identified such as NATO, Europol, MI5, MI6, NSA, CIA Etc. All these organisations and governments need reining in!

They are out of control unregulated lunatics on a false crusade to target anyone who opposes them or their establishment backers. We can now build the devices and demonstrate them in court so its all over! Its just a question of when they are arrested!

Dont assume that politicians and others know, the security services hide the truth, they will have so many legal cases to face soon they will have to sell the countries they live in to pay the bill.

Join the Targeted Individuals Association and help us change the world. One World One Community!

## **Targeted Individuals Information Sheet 18/04/2017**

Targeted Individuals Association – Author: Gary Owens

Mr Gary Owens wrote the collated article and broke down the technology, we used every available source over the internet to collate and compile every piece of information out there that was needed to break down the technology, we have listed the sources of information at the bottom, if anyone's been left out let us know and we will amend.

The banner features a blue ribbon on the left with the text 'Association Targeted Individuals'. The background is a digital grid with glowing blue and purple lines. The main text reads: 'TARGETED INDIVIDUALS ASSOCIATION'. To the right, it says: 'Together Our Voices Will Be Heard! We are lobbying every Government in the world to ban V2K (Voice to Skull), Gang Stalking, DEW (Direct Energy Weapons) & Mind Control!'. Below this, it states: 'If your a Targeted Individual, you need to join with us, together we will Beat this! We are united in the fight, The T I A will take the fight To their doorstep, help us end it now!'. At the bottom, the website address is given: 'www.targeted-individuals.co.uk'. A small logo with the letters 'TIA' is in the top left corner.
